### Missing lessons & Catch-up: (Registered Students ONLY)

All registered students will be offered a catch-up slot on a different day if you are unable to attend a weekly scheduled lesson due to extenuating circumstances provided a one-week notice is given in advance. Alternatively, you will have the only option to catch up via recorded lessons that you will have missed if the same lesson is not going to be taught during that or the following week. **Catch-up lessons are charged at the same fee (£25.00 per session) whether the lesson is attended in person, online, or via recorded lesson.** Therefore, any cancellation and not being able to catch up on the missing lesson is your own academic and monetary loss since all registered students have paid a week's deposit in advance for the following lesson.

**Please feel free to ask for additional information regarding the weekly lesson plan, lesson structure, resources, Academic Calendar, and the Cancellation Policy at BeWise Tutorials.**

**Face to Face Vs. Online Lessons:** We highly recommend attending **face-to-face** lessons unless your travel time to the tuition center is more than 40 minutes and your child is well-disciplined and self-motivated. You can switch from one to the other mode every week, it's flexible.

**Benefits of Face-to-Face Lessons:** 1. Twice a month students' assessments (RAKs) will be marked by the teacher whilst online students will have self-marking. 2. Learning from each other. 3. Aid learning especially if you are a visual learner. 4. Less distraction from your mobile etc. 5. Most importantly, no technical glitches such as online connection, mike issues, etc. 6. Questioning and cross-checking understanding is much more powerful during a face-to-face lesson. 7. **FREE** physical copies of the notes, resources & assessments weekly along with online access.
